

YASASWINI GANTA

Vijayawada, Andhra Pradesh, India | +91 6303249788 | yasaswinig0411@gmail.com

PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in full-stack web development, cloud infrastructure, and data-driven applications. Skilled in Python, Java, and JavaScript, with a strong foundation in Data Structures, Algorithms, and Object-Oriented Programming. Seeking a Software Engineering internship or job to build scalable, real-world systems and contribute to high-impact engineering teams.

EDUCATION

VIT-AP University — B.Tech, Computer Science & Engineering *Expected Graduation: 2027*

CGPA: 7.95 / 10.0

TECHNICAL SKILLS

- Languages: Java, Python, JavaScript, C, HTML, CSS
- Web & Backend Development: Node.js, Express.js, React.js, RESTful APIs, Responsive Web Design
- Databases: MySQL, MongoDB, NoSQL
- Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, Asynchronous Programming

PROJECTS

Full-Stack Productivity & Task Tracker App

- Built a full-stack web app with a task timer, dynamic checklist manager, and notes editor, supporting multiple concurrent user sessions.
- Implemented secure email-based user authentication to persist and sync user data safely across sessions.
- Used asynchronous, non-blocking database queries to cut API response latency and keep the UI responsive under load.

IoT Sensor Monitoring System for Industrial Plants

Simulated real-time sensor data streams (boiler temperature, steam pressure, turbine speed) to model industrial plant behavior.

- Built Python data pipelines to process streaming telemetry data into time-series insights for monitoring dashboards.

Image Denoising with Convolutional Autoencoders

- Designed and trained a convolutional autoencoder to remove noise from CIFAR-10 images, improving image reconstruction quality.
- Built and tuned the full training pipeline (data preprocessing, model architecture, loss optimization), deepening practical understanding of encoder-decoder networks.

CERTIFICATIONS & ACHIEVEMENTS

- AWS Certified Cloud Practitioner
- HackerRank: Certified in SQL and C

LEADERSHIP & ACTIVITIES

ACM Club, VIT-AP University — Core Member

- Organized department-wide coding contests and hackathons, designing problem statements and increasing student participation.
- Collaborated with student developer teams to run technical workshops on algorithms and system design basics.

LANGUAGES

English, Telugu, Hindi
